Our Name IS Our Promise!

Success Circles - 'Semi-Private' coaching packages:

Like a 'Mastermind' group on steroids! Receive not only peer support but also the benefit of expert mentoring and instructional training.

This program is intensely focused on:

- **New business development** – Acquire more clients and more money from the ones you have
- **Leveraging strategies** – Truly learn how to work smart not hard
- **Innovative ways to rise above the competition** – Discover how *to Go Where They are Not™*

Each 1.5 hour teleconference call involves brief instructional components designed to enhance sales, marketing, and strategy development skills. The calls may also include brainstorming sessions, and other processes as needed—but primarily focus on individual members specific business challenges and growth objectives.

Success Circle members will benefit three ways—from 1:1 personal mentoring, learning from other's experiences, and the shared wisdom of the group.

In order to create a safe environment where everyone is free to share openly, we will only have non-competing group members (i.e. one business of each type).

In addition to the expanded exposure to ideas and expertise you will glean as a member of a dynamic and successful group of professionals – the investment is reduced to 50% of the regular Positive Results coaching rate.

Groups are started periodically as demand warrants so please contact our office to be placed on a waiting list. Alternatively, you can become a Coordinator and create your own group of 4-8 people. **Please note: As a "Coordinator" you will receive a further 25% discount on your registration fees!**
